H1 Exilis Shelving Pricelist 2016 - Version 1.0

H1 Exilis Shelving System

Design: We Do

The Exilis shelf is a delicate and discreet shelf created not to steal space from the room and to bear substantial weight. The extruded aluminium profile is made in Sweden and is entirely recyclable. It boasts a sleek design, with the front edge of the shelf measuring a mere 2,5 mm.

Exilis shelves can be mounted directly on the wall with hidden brackets or on rails in wall mounted, free-standing or compressed systems.

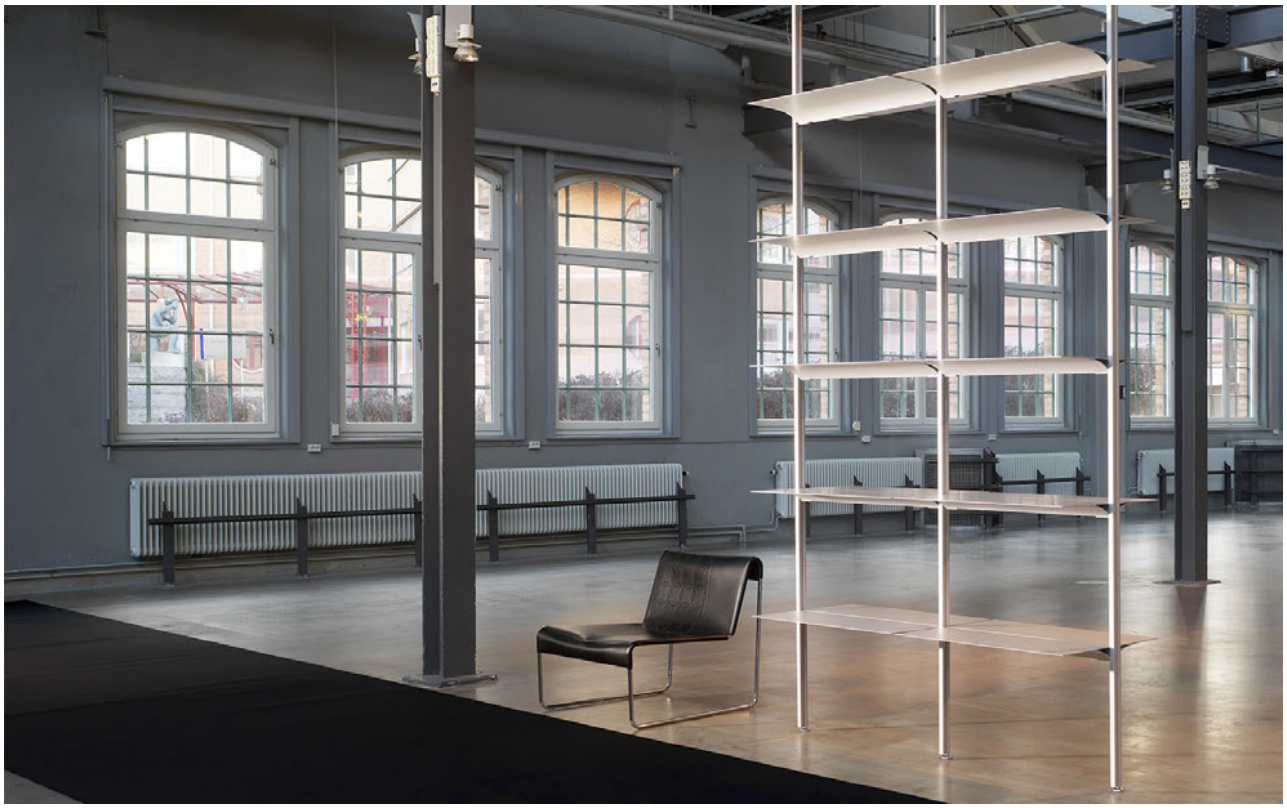
It comes in several different designs, lengths and colours as standard - and can easily be customized to suit special needs.

Exilis is designed by We Do and developed by Nonuform in Sweden. Elementa is the sole distributor of Exilis in Norway.

All prices are given in NOK excl. VAT.

H1 Exilis Shelving

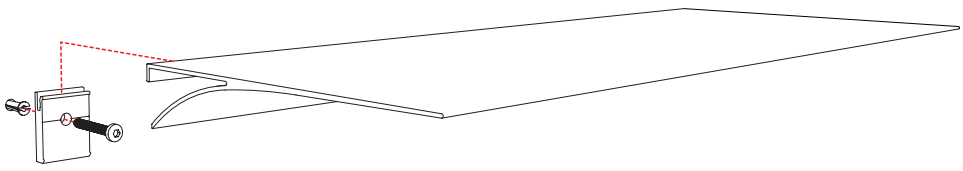
Design: We Do



H1 Exilis Wall Mounted

Design: We Do

Mounting:

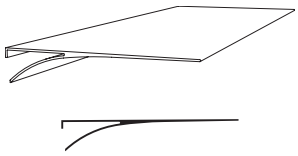


H1 Exilis Wall Mounted

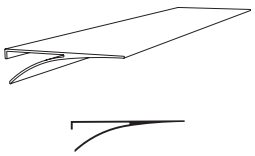
Design: We Do

The extruded aluminium shelves are made in two different depths and a sloped version for display purposes. As a standard product the shelves are made in length 780 or 1180mm, but may be ordered in lengths up to 5000mm.

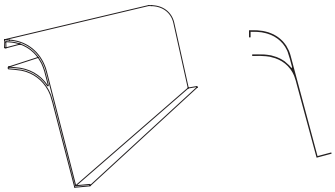
Basic Modules:



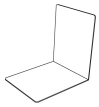
Exilis 280
Length: 780, 1180, 5000* mm
Depth: 280 mm
Aluminium, White, Black, Red



Exilis 180
Length: 780, 1180, 5000*
mm Depth: 180 mm
Aluminium, White, Black, Red



Exilis Slope
Length: 780, 1180, 5000* mm
Depth: 223 mm
Aluminium, White, Black, Red



Exilis Book support
Height170 mm
Length: 170 mm
Depth: 130 mm
Colour: Aluminium, white, black

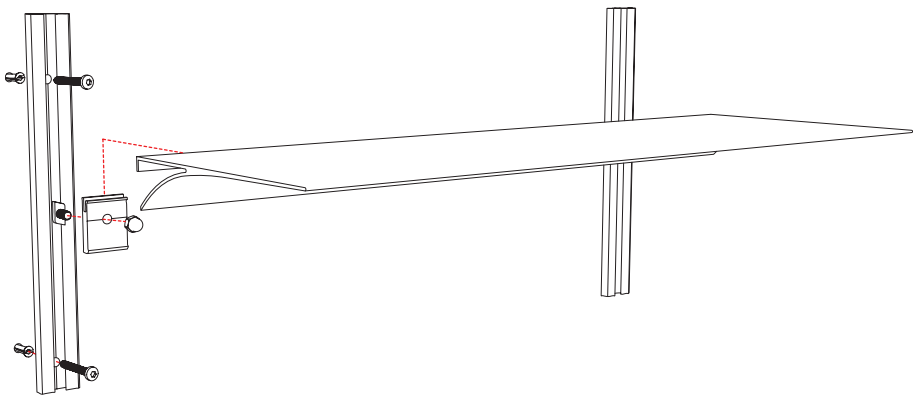
Bracket
Width40 mm

* Can be ordered in lengths up to 5000 mm
Bracket: On shelves longer than 1180 mm mount brackets at least every 600 mm evenly divided on the wall.

H1 Exilis Wall Mounted System

Design: We Do

Mounting:

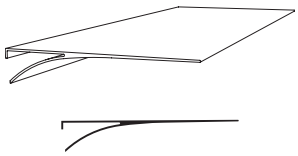


H1 Exilis Wall Mounted System

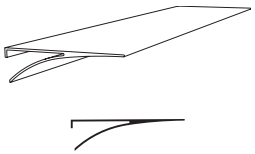
Design: We Do

With the Wall-Mounted System, you get maximum flexibility. The wall-mounted rails allow variable mounting and flexible placement of your Exilis shelves. For example, you can combine a short shelf with a long one mounted on two rails. The perfect solution for anyone who likes the option of change.

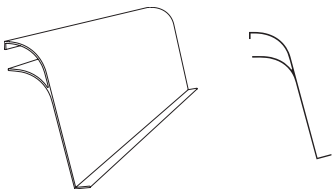
Basic Modules:



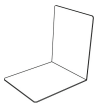
Exilis 280
Length: 780, 1180, 5000* mm
Depth: 280 mm
Aluminium, White, Black, Red



Exilis 180
Length: 780, 1180,
5000* mm Depth: 180 mm
Aluminium, White,Black, Red



Exilis Slope
Length: 780, 1180, 5000*
mm Depth: 223 mm
Aluminium, White, Black, Red



Exilis Book support
Height170 mm
Length: 170 mm
Depth: 130 mm
Colour: Aluminium, white, black

Wall rail
Length: 1200, 2100, 2400, 3500** mm
Depth: 11 mm
Width: 40 mm
Colour: Aluminium, White

T-bolt

* Can be ordered in lengths up to 5000 mm.
** Can be ordered in lengths up to 3500 mm.

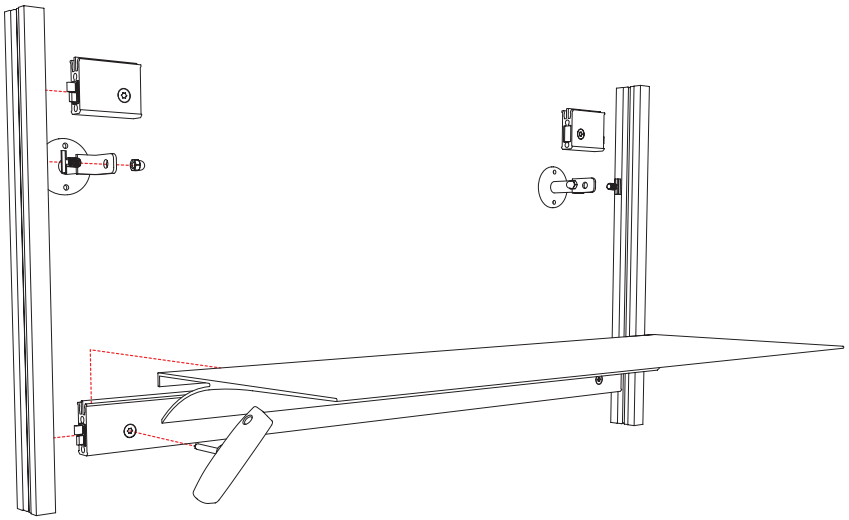
H1 Exilis Semi Wall Mounted System

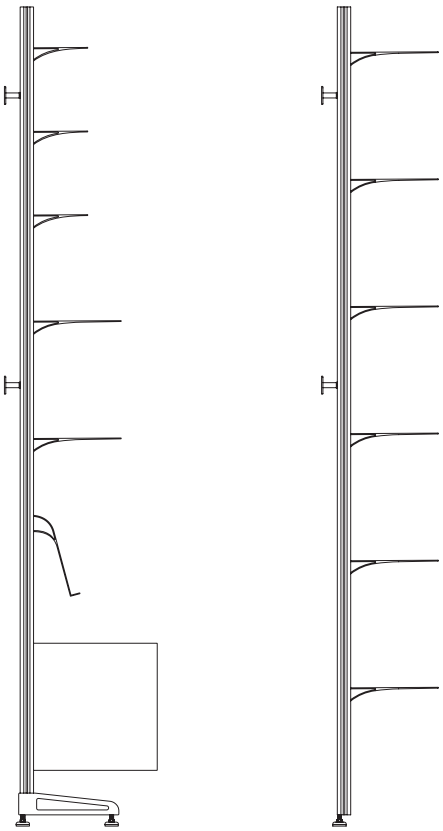
Design: We Do

H1 Exilis Semi Wall Mounted System

Design: We Do

The Semi Wall-Mounted system can be mounted on an uneven, covered or glazed wall, because the rail is mounted at a distance from the wall. The brackets slide onto the rails and can be varied to meet your needs. Decide for yourself how to arrange the shelves and drawers. Because of the tracks in the rail, you can even mount a book support. A complete system for all kinds of storage



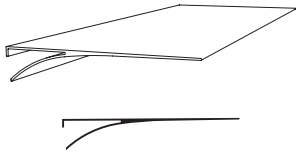


If the shelving system will be used for big loads use the Foundation half foot instead of the adjustment foot.

H1 Exilis Semi Wall Mounted System

Design: We Do

Basic Modules:



Exilis 280
Length: 780, 1180, 5000* mm
Depth: 280 mm

* Can be ordered in lengths up to 5000 mm
** Can be ordered in lengths up to 3500 mm.
System rail: System rail is measured including foundation or adjustment foot.
Wall distance: 2 Wall distances per System rail, 3 if the System rails are longer than 3000 mm.

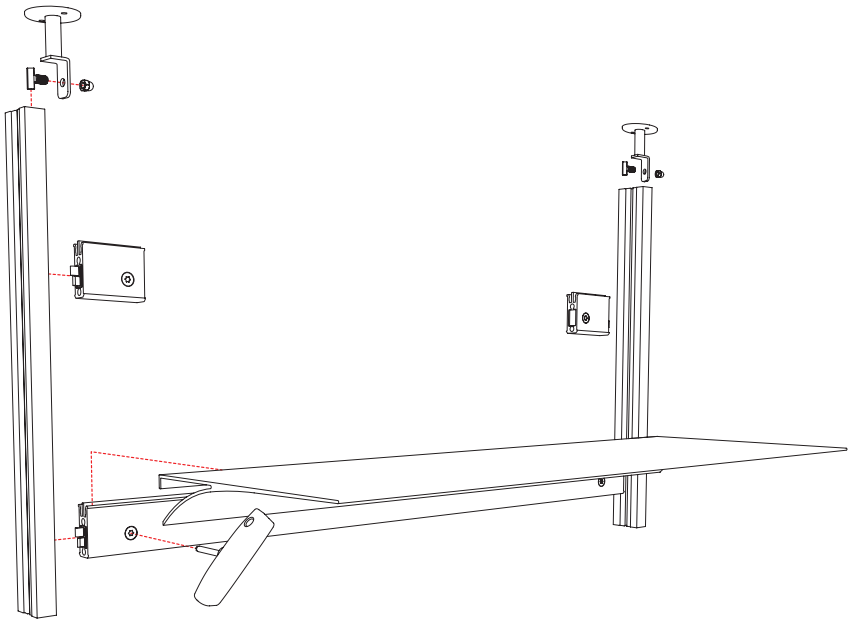
H1 Exilis Compressed System

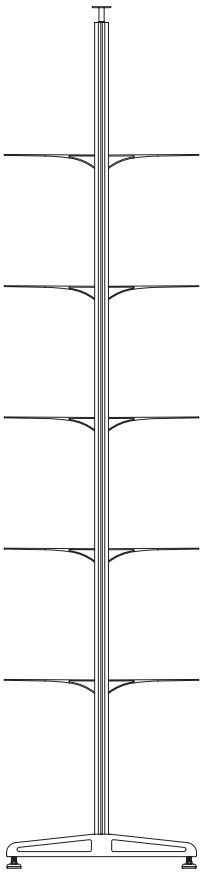
Design: We Do

H1 Exilis Compressed System

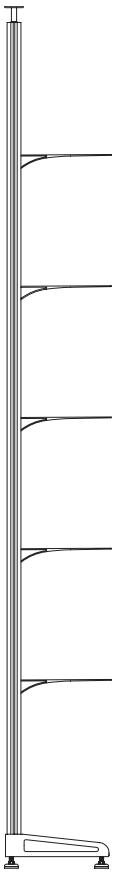
Design: We Do

With the Exilis Compressed System you can mount a shelving system without a wall. With adjustable bases and distances from the ceiling, the system can be adapted to fit your space. The smart bracket means you can mount shelves in both directions. A light, airy system that you can use as a room divider and as storage.





Distribute the load evenly to both sides.

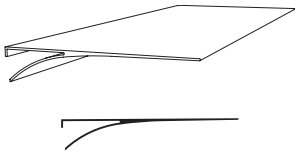


If the ceiling height is a maximum of 2400 mm, you can mount the shelves single-sided.

H1 Exilis Compressed System

Design: We Do

Basic Modules:



Exilis 280
Length: 780, 1180, 5000* mm
Depth: 280 mm

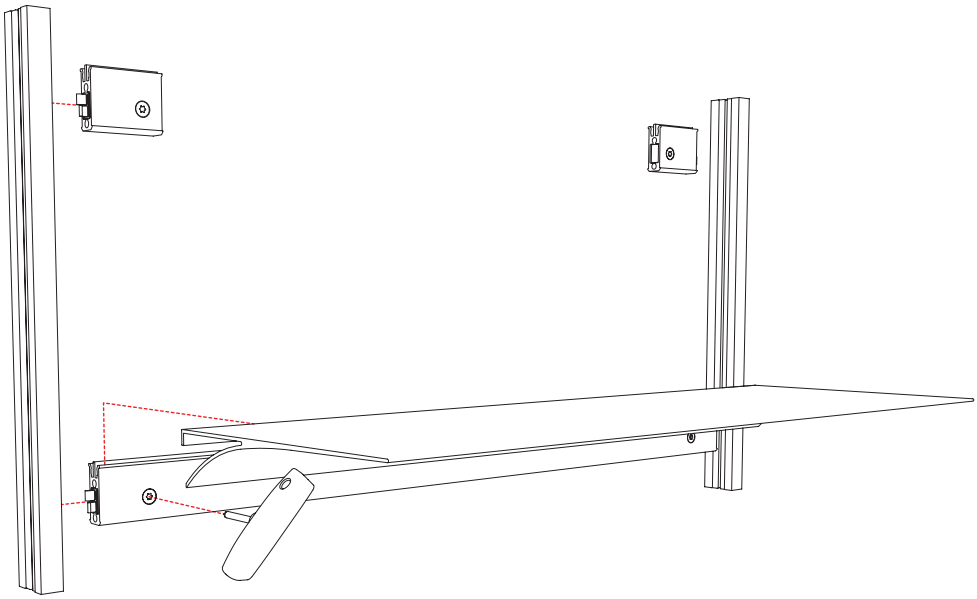
H1 Exilis Freestanding System

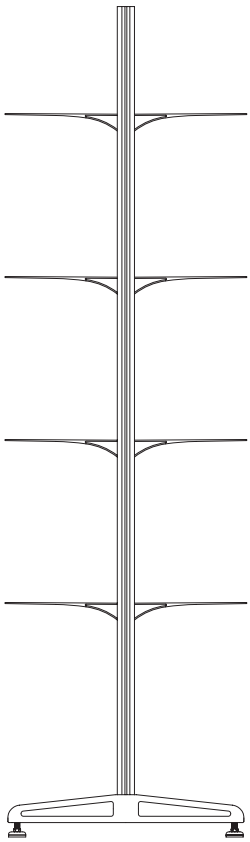
Design: We Do

H1 Exilis Freestanding System

Design: We Do

This system doesn't need walls or a ceiling, thanks to its stable base. You can use it as a gondola or as a room divider, with flat or sloping shelves. You can choose one section or as many as you want. Build and combine freely with the Freestanding System





Distribute the load evenly to both sides.

H1 Exilis Freestanding System
